TO WHOM IT MAY CONCERN

Mr. Anton Rohan Manamudali  
Mr. R.W.S.M.S. Godamune  
Mr. D.M.D. Vipula Jayampathi  
Mr. D.K. Wijeratne

I have met these young gentlemen and am very impressed with the work they have done while waiting to enter the University.

They have produced a word-processing package in English, Sinhala and Tamil which they displayed to me on my Amiga Computer (with IBM/PC bridgeboard).

I also understand that Mr. Wijeratne has assembled an IBM compatible computer using local components.

Such examples of energy and initiative are highly commendable and I am sure that any assistance given to these young men will be well appreciated and awarded.

Arthur C. Clarke, CBE  
Chancellor International Space University  
Chancellor University of Moratuwa
